TECHNICAL SPECIFICATIONS:

Dimensions in mm. (WxHxD):	90x110x115
Weight in grams:	260
Apps for iPhone and android phone	
P2P client	no need to do port forwarding to realize plug and play
Operation system:	Embedded Linux OS
CPU:	32Bit RSIC Embedded Processor
Network:	RJ45 10/100MB self-adaptable Ethernet slot
Protocol:	Support TCP/IP HTTP DHCP etc.
Wireless:	WiFi 802.11 b/g
IP mode:	Dynamic IP address, static IP address
Max. users:	Support 4 visitors at the same time
Compression format:	Motion-JPEG
Image sensor:	1/4 CMOS sensor 300,000 pixel
Lens:	3.6mm
Frame rate:	1~25fps
Resolution:	VGA(640*480),QVGA(320*240)
Image adjustment:	Brightness, contrast, WB, BLC, Auto
LUX:	0.4LUX/F2.0
SNR:	>48dB
Audio Compression format:	ADPCM
Input:	Built-in MIC
Output:	Built-in speaker, also support external speaker port
PTZ:	Built-in motor control
Rotation:	Horizontal:355°, vertical: 120°
Preset:	Support 16 Preset positions .
Night Vision:	8 LED lights
IR distance:	10m
Environment:	indoor
Power supply:	5V 2A
Operating temperature:	-10~50°C
Operating humidity:	10%~90%RH
Dimension Item size:	112mm x 90mm x 116mm (L*W*H)
Package size:	200mm x 150mm x 120mm (L*W*H)
Item weight:	275g (Note: for real products)
Package weight:	580g
Accessories:	Power adapter, Quick Install Guide, screws ,bracket, Ethernet cable
System requirement:	Microsoft XP, Vista, Win7, Win8, Internet Explorer8.0, 9.0, 10 Android, iOS
Certification:	CE FCC ROHS ISO

SYSTEM REQUIREMENTS:

- Wired or wireless network.
- Android device, iPhone, Windows.

BOX CONTENT:

- EM6220
- Power supply
- Network cable
- Mounting bracket
- Screws and plugs
- CD-rom with manual and utilities
- Quick install guide

e-CamView Pan/Tilt IP Camera

Easy access all over the world

DESCRIPTION

Keep a close eye on your personal belongings with the EM6220 e-CamView Pan/Tilt IP Camera. The camera overlooks a large area because of its horizontal and vertical movements. Within only a few moments you are up-to-date of all the events in your home. Use the e-CamView app on your smartphone to control the Pan/Tilt IP Camera. Listen along in your home with the built-in microphone of the EM6220. The infrared LEDs ensure a clear night view.

Easy installation and controllable with Android/Apple app
Control the EM6220 with the e-CamView Android/Apple smartphone app. Use the app to watch the camera images from all over the world. Record the camera images with the app and store them on your smartphone.

Wireless connection to your network
The EM6220 e-CamView Pan/Tilt IP Camera suits to every interior. Locate the EM6220 where you want because of the wireless functionality of the IP camera. Adjust the wireless settings via the Android/Apple Smartphone app or your computer.

Wide range because of its pan/tilt functionality
The EM6220 e-CamView Pan/Tilt IP Camera is equipped with a pan/tilt functionality so you can move the camera to the direction you want: up, down, left, right. The vertical movement is 120° and the horizontal movement is 355°. You will catch every moment. The 8 infrared LEDs ensure a clear night view. The infrared LEDs turn on automatically when the camera detects less light.

Pictures as proof
When the e-CamView IP Camera detects movement, it sends an email with a photo. Choose for continuous photo snapshots or a detection schedule.

Listen along and speak back
Are your curious what is happening at home during your absence? You are able to listen along in your home by the e-CamView app and the built-in microphone. Speak back to scare the burglar. This is possible via the built-in speaker. Connect an external speaker for a more powerful sound.
